

Task				
Action step			Action success	Action failure
Will the user try to achieve the right result?	yes <input checked="" type="checkbox"/>	from experience the system tells them to	no <input type="checkbox"/>	
	The user can find the submission deadline (DDL) by locating the relevant module and the issue sheet or task sheet for the CW (coursework) on the Moodle platform.			
Will the user notice that the correct action is available?	yes <input checked="" type="checkbox"/>	from experience they would see a call-to-action	no <input type="checkbox"/>	
	The user can clearly see the submission date in issue sheet or task sheet.			
Will the user associate the correct action with the effect they're trying to achieve?	yes <input checked="" type="checkbox"/>	from experience a prompt/label matches action	no <input type="checkbox"/>	
	After finding the DDL of the cw, tje user can find the corresponding submission. Users can submit their CW before the DDL.			
After the action is performed, will the user see that progress is being made toward the goal?	yes <input type="checkbox"/>	from experience there's a connection between the system response and user goal	no <input checked="" type="checkbox"/>	Since we are checking the CW ' s deadline (DDL), no action will be taken.
